HOLD-UP AT CREEK BRIDGE LAST N[illegible]

One Dead, One Seriously Hurt When Four Masked Bandits Stick Up Boarding House

Depewka Killed When He Came Into Room To See What Caused Commotion Among His Buddies

Gurlock, Excited, Dropped His Hands And Was Shot In Lung

DUBOIS OFFICERS SHOT SUSPECT WHO REFUSED TO OBEY CALL

The boarding shanty of Mike Borshowski at the Pennsylvania railroad bridge over Clearfield creek, about two miles from Clearfield, was the scene of a shooting affray last evening which resulted in the death of Peter Depewka, an Austrian laborer, aged 40 years, and the serious wounding of Andy Gurlock, also aged about 40 and an Austrian.

The Pennsylvania is arranging to replace the bridge over the creek with a larger and heavier structure and the contractor in charge has a large crew of men at work on the job. The Borshowski camp or boarding house is located on the creek bank near the bridge abutment on the Clearfield side. Borshowski states that last evening shortly after 7 o'clock the two doors to his camp were thrown open and a masked gunman entered each door and commanded the inmates to throw up their hands. There were some ten men in the camp at the time and they promptly complied with the order. The camp is divided into two rooms, the men all being in the lobby or dining room, with the exception of Depewka. He was in the other room putting his time down in his time book.

When he heard the loud talking of the holdup men Depewka got up from the table at which he was sitting and walking to the door in the partition to where he could see into the other room asked what was the matter. He was answered by a shot from a revolver in the hands of one of the masked intruders. The bullet struck him in the stomach, just below the navel, inflicting a mortal wound. Depewka turned and ran out the door screaming. Andy Gurlock dropped his hads when Depewka was shot and the gunman facing him shot Gurlock through the left breast.

The gunmen appeared to lose their nerve at this stage of the game and backing out of the camp they were joined by the other two who had been guarding the outside, and the four men then ran down the road in the direction of Clearfield.

Word was set to Clearfield and Sheriff Gorman, Deputy Sheriff Gilliland, Chief of Police Hitt, with Corporal Jones and the other State Policemen located here were promptly on the scene.

Dr. Cowdrick was quickly summoned and he had Gurlock removed at once to the Clearfield hospital where his wound was given attention. He is seriously injured the lung having been pierced, but unless complications arise, is expected to recover.

Depewka's body was turned over to Undertaker Leavy and will be prepared for burial.

District Attorney Arnold made a careful investigation of the affair and on account of the circumstances surrounding it ordered that seven of the inmates of the boarding house be held as material witnesses until the matter was entirely cleared up.

Several shots were fired during the affray as there is a bullet hole down through the table and another through the partition between the two rooms. A search of the place resulted in the securing of five pistols. The men being held are Theodore D'Argoslie, aged 23; Mike Barshosko, 30; Stanley Buchkolski, 43; Charles Wydo, 39; Andy Weozuc, 27; Frank Buchak, 31; Frank Staduick, 23.

The officers searched the New York Central yards for the gunmen without result, but learning that four men had been seen boarding a Lake Shore freight which pulled out shortly after the shooting, telephoned to DuBois to have the train searched. They were later advised by the B., R. & P. train-dispatcher at DuBois that four young men had been put off the train at Milligan's, a flag station just beyond Bridgeport.

The Lake Shore train arrived at DuBois about 3 o'clock this morning and was met by Officers Ted Brown and Joe Wilson, of the B., R. & P. detective force and DuBois City Policemen Hugh Jeffreys and Jimmy Morris. They searched the train but failed to find their men. Later they saw three strangers near the Brady street crossing of the B., R. & P. and called upon them to halt. The men started to run and the officers opened fire on them, shooting fifteen or twenty shots at them.

One of the men, who gave his name as Felix Haraffen, was shot in the hip and captured by the officers, the other two making their getaway. Haraffen at first refused to give his name or tell anything about himself, but later admitted that he had come from Clearfield on the Lake Shore freight. Later on in the morning another young man was picked up by the officers in the vicinity of Rockton and an effort is being made to round up the two suspects who escaped at DuBois.

Haraffen is a patient in the DuBois hospital. Sheriff Gorman and Deputy Sheriff Gilliland went over to DuBois today to see about bringing the two men to jail here.

JAKE HAMON DIES HIS SHOOTING IS STILL MYSTERY

ARDMORE, Okla., Nov. 26—Jake Hamon, Republican National Committeeman, died here at 8:18 a. m. today from acute dilation of the heart. Hamon has been suffering from a gun shot wound since last Sunday. Hamon walked to the sanitarium here on Sunday and said he had accidentally shot himself while cleaning a gun preparing for a hunting trip. His statement was accepted without question until Monday when a warrant was issued for the arrest of a woman who is said to have acted as his secretary for several years. She was charged with the shooting. The National Committeeman and the woman, in an information filed, were also accused of a statutory offense.

The woman, whose name is Clara Smith Hamon, has not been located. She obtained the name of Hamon through marriage to a distant relative of the oil king, according to reports here, but it was said she had never lived with her husband. Hamon and the woman have occupied adjoining rooms at a hotel here for several weeks. Mrs. Jake Hamon and children arrived from Chicago shortly after her husband died. Mrs. Jake Hamon expressed "fullest confidence in her husband. "I feel deeply grieved that any other construction should be placed upon the incident," she said.

Mr. and Mrs. Edgar A. Markel returned to their home in Janesville today after spending Thanksgiving at the home of Mr. and Mrs. J. D. Connelly on Fourth street.

PLANS COMPLETE FOR RED CROSS CANVAS SUNDAY

Sunday, November 28th has been designated by the Clearfield Chapter A. R. C., as Red Cross Sunday. The ministers have been asked to bring the peace time message of the great Red Cross of Mercy and Relief, to their congregations at the morning service.

Promptly at two o'clock in the afternoon, signalled by the ringing of bells and blowing of whistles, approximately one hundred and fifty solicitors will start from Red Cross headquarters. The borough has been divided into such small districts that the work of canvassing will take but a short time.

If you have already joined, have your window card displayed with the number of memberships in your family indicated by crosses and thus save the solicitors a visit.

If you will not be home Sunday turn your dollar in at Red Cross headquarters before you go or leave it with a neighbor.

The Red Cross needs YOU and YOU need the Red Cross.

JOIN!

Members of Teams who have been asked to solicit for the Fourth Red Cross Roll Call, are requested not to overlook the meeting this evening at Red Cross headquarters, where they will be given supplies and instructions.

Remarkable Diary.

Pepys' diary is a unique work by Samuel Pepys (1632-1703), giving a curious and faithful account of the times in England from 1659 to 1669. It includes almost every phase of public and social life, from the gayeties of the court to the pettiest detail of week-day existence. The book is written in shorthand, and was not discovered until a century after the author's death. It was deciphered and published (although in a mutilated form) by Lord Braybrooke in 1825.

Miss Clara McLaughlin teacher at Glen Richey, spent Thanksgiving with her parents Mr. and Mrs. James A. McLaughlin of Park street.

BELGIUM HONORS SON-IN-LAW OF JUDGE BELL

The following from a Plattsburgh newspaper is of great interest to Judge Bell, father-in-law of Mr. Alderdice and his many Clearfield friends:

"Superintendent of Police Robert J. Alderdice received official notice from Brussels, Belgium, yesterday that he has been decorated by King Albert and made a chevalier of the Order of Leopold II. This honor, a most unusual one to be conferred on a police official of a foreign country, carries with it a magnificent gold decoration, which will be presented to the police official as soon as he acknowledges the receipt of King Albert's letter.

The making of Superintendent Alderdice a member of the distinguished order came as a big surprise to him, but to those who became well acquainted with King Albert and his queen on their recent visit to this city while on an entourage of this county it was not. To there it was known that the royal pair became deeply interested in Pittsburgh police methods and were deeply impressed with the manner in which their safety was personally looked after by the superintendent.

On numerous occasions the king and the police official held protracted discussions regarding police methods in this city, some of which he declared hein tended adopting in the country of which he is ruler. Superintendent Alderdice declared himself as being highly gratified with the honor and has written King Albert his letter of aceptance."

MRS. M. V. MAPES DIED AT THE HOSPITAL

Mrs. M. V. Mapes, of Lawrence township, died suddenly at the Clearfield hospital this morning. Mrs. Mapes had been a sufferer from cancer for several months and about two weeks ago underwent an operation, which it was thought would afford her relief. She improved very satisfactorily following the operation and was getting along finely. She was taken suddenly ill while eating her breakfast this morning and passed away in a short time.

The deceased was about 60 years of age and is survived by her husband, three daughters and two sons. The funeral will be held on Sunday at two o'clock from the house. Interment at Hillcrest.

MISS AGNES DUCKETT DIES

Miss Agnes Duckett, daughter of the late Mr. and Mrs. Patrick Duckett, died at the home of her sister, Mrs. Thomas Lynch, on Walnut street, this morning about 2 o'clock. The deceased had been in failing health for some time and her death was due to an affection of the heart. She is survived by three brothers and three sisters.

Mr. and Mrs. M. W. Baldwin, of Akron, Ohio, spent Thanksgiving with Mr. and Mrs. George Derrick at their home on West Market street.

DEER SEASON OPENS NEXT WEDNESDAY LOOK FOR HORNS

The open season for male deer with horns at last two inches above the hair opens at sunrise on Wednesday morning, December 1st, and closes December 15th, Sundays excluded. Shooting before sunrise or after sunset, or shooting at a female deer or a baby buck is a violation of the game laws. The legal limit is one deer to each hunter and not more than six deer to one camp or body of men hunting together.

Don't shoot until you are absolutely certain you are aiming at a legal buck. By following this advice you will avoid violating the law, killing the mothers of your future sport and above all avoid maiming or probably killing your hunting companion with a wife and children dependent upon him for support.

Hunters must upon demand produce the head of the deer from which venison in their possession was taken. Don't let anyone destroy the head or the evidence of sex on your deer hide, as such evidence may keep you out of trouble.

Resident sportsment must bear in mind that the shipment of skins or heads out of the state is illegal without permit from the Game Commission, and that shipments within the state can be made only per directions on license.

Deer not legally killed must be sent to a hospital or charitable institution and skins of all such deer must be sent to the Game Commission at Harrisburg.

The sportsmen of Pennsylvania have an organization of more than 400,000 paid up members. Their force of paid representatives are constantly working to improve conditions. Are you helping to drive out the thief, the fellow who kills game illegally or who will join with others in stealing game legally killed by others?

You must wear your tag and carry your license with you. They are just as important as your rifle or ammunition.

Respectfully yours,
SETH E. GORDON

H. B. Swoope G[illegible] $35,000 To H[illegible]

Sum Will Build New [illegible] And Bring Goal of Two [illegible] Thousand Dollars

DRIVE WILL END JANUARY [illegible]

The directors of the Clearfield hospital were delighted yesterday to receive a letter from H. B. Swoope, who is now in his southern home at Pinehurst, N. C., which reads as follows, viz:

Pinehurst, N. C., Nov. 22, 1920

Mr. H. B. Powell
Clearfield, Pa.

Dear Mr. Powell:

I am in receipt of your letter of the 15th inst. together with estimate and plans for the Maternity Unit we have been discussing in connection with the Clearfield hospital.

I see that the estimated cost is approximately thirty-five thousand dollars and I appreciate that your drive for hospital closes this week.

As I have expressed to you, I have the feeling in my heart that I would like to do this for the county of my birth and have therefore decided to give to the Clearfield hospital the sum of thirty-five thousand dollars ($35,000) for the erection of a Maternity Unit subject to the following three conditions:

First, That it shall be named the "CORA ARNOLD SWOOPE" Maternity Unit in honor of my mother.

Second, That the credit for the subscription shall be given to the Madera District of [illegible] township.

Third, That I am to be allowed to make the payments along as the erection of the building proceeds and in proportion to the progress until I have paid the entire amount.

Very truly yours,
H. B. [illegible]

The board met at 4 o'clock yesterday afternoon, formally accepted the magnificent gift, adopted appropriate resolutions of thanks and instructed the secretary to forward a copy of them to Mr. Swoope. It was decided to defer making definite plans until the regular meeting of the board in January 1921. Meantime the hospital will take advantage of the impetus given by Mr. Swoope's generosity to the campaign to raise funds and they entertain high hopes that the full [illegible] can be secured. By appropriate action the closing of the campaign was postponed from Saturday, November 27th to Saturday, January 1st 1921 and the work of securing subscriptions was placed in charge of a special committee consisting of A. E. Leitzinger, Charles T. Kurtz, A. K. Wright, Col. [illegible] Kerr and Hon. Allison O. [illegible]. The special committee has already begun its plans for the prosecution of the work committed to it.

BRITISH ARREST ACTING PRESIDENT GRIFFITH OF THE "IRISH REPUBLIC"

DUBLIN, Nov. 26— Swooping down on the leaders of the Sinn Fein movement British forces today arrested Arthur Griffith, acting President of the Irish Republic and John McNeil, founder of the Irish Volunteers, and several other high officials of the Republican organization. Griffith was arrested at his home here at 2 a. m. today. The charge against him was not made public.

The Irish Volunteer organization, of which McNeil is head, has assumed considerable strength despite the difficulty of army training. Drills are conducted in isolated spots. A uniform was designed for the army but the British laws prevented it being worn in Ireland. It was displayed by an honor guard sent to London for the funeral of Terence MacSwiney.

The arrests of Griffith and McNeil came as a surprise as they have been moderate in their public statements and have been allowed every freedom. It was blieved that documents taken recently in wholesale searches by the Irish office officials and the military implicated them with plots.

Wade McLaughlin is seriously ill at his home one Park street.

"Wilson begins work on final word to Congress"—Headline. No word of Wilson's can be sweeter, more gratifying to the American heart than that final word.

PALM TO PALMER.

All the charges brought against Mr. Palmer for his inefficient administration of the Department of Justice appear to be eclipsed by the proceedings at Indianapolis. In effect the Attorney General is accused of ordering his Assistant Attorneys not to use certain evidence that would have aided them in securing convictions of violations of Federal law. Apparently Mr. Palmer is not content with his own failure to enforce the law, but must put handicaps on other officials with a more conscientious regard for their responsibilities.

SOME FACTS YOU SHOULD KNOW.

Washington, Nov. 22.—"Do you know," asks the Republican Publicity Association in an article issued today through the President of that organization, Honorable Jonathan Bourne, Jr., "that the entire national debt of your government is approximately $24,000,000,000, and that approximately Ten Billion of that sum represents loans to foreign governments;

"That these loans are evidenced in the Treasury by demand notes bearing interest at 5 per cent., signed by the representatives of the foreign countries;

"That those demand notes contain a provision as follows: This certificate will be converted by the government (name of foreign government), if requested by the Secrtary of the Treasury of the United States of America at par with an adjustment of accrued interest into an equal par amount of (rate per cent.-convertible gold bonds of the Government of (name of foreign government);

"That in spite of that provision, and in spite of the fact that the first loan was made on April 25, 1917, 43 months ago, no conversion or adjustment of accrued interest has been made, although for many months the Wilson Administration says it has been carrying on 'discussions' with debtor countries to that end.

"That further in spite of that provision, there is a well grounded sentiment in England that our loans abroad do not really constitute a debt at all, but should e canceled as part of America's contribution to the cost of war, a sentiment that is gaining strength the longer he conversion of notes into bonds is deferred;

"That up to the end of the calendar year 1920 interest will have accrued on foreign loans to the amount of approximately $1,200,000,000;

"That of that sum there had been paid up to March 13, 1920, according to an official report from the Secretary of the Treasury, the sum of $433,000,000.That probably little if any, purpose of the Secretary to defer 'the collection of interest during the reconstruction period of two or three years from the spring of 1919;

"That pending the Treasury 'discussions', and during the period of deferment, the American people are being taxed the full amount of the interest which foreign govrnmnts have not paid in order to meet the payment of interest on a similar amount of Liberty Bonds;

"That that unnecessary taxation approximates Five Hundred Million dollars annually, one-eighth of the total amount which the Secretary of the Treasury estimates as required to run the Government for the following year;

"These are facts that should be impressed on the mind of every American citizen and kept constantly before every Senator Member of Congress, and official of the incoming Republican administration. No more pressing duty confronts those men, and they can render no greater service to the people who elected them to office ,than to see that the explicit provisions of those foreign notes are carried out, and at an early date. When that is done a tremendous reduction i ntaxation will be made possible, the future repayment of the huge principal of those notes will be assured, and an earlier liquidation of almost half of our own national debt will be achieved ,through the sale either in this country or abroad, of the foreign bonds received."

Mrs. Annie M. Sloan of Buffalo, Declares She Would Not Take All the Money in the World for Good Tanlac Did Her.

MRS. ANNIE M. SLOAN, Prominent Buffalo, N. Y. Club Woman and Suffragist.

"I will just say frankly I think Tanlac is perfectly wonderful and I wouldn't take all the money in the world for the good it has done me," said Mrs. Annie M. Cloan, recently, residing at 275 Huntingdon avenue, Buffalo, N. Y.

Mrs. Sloan has resided in Buffalo for the past forty years and is very prominent in club circles, being an active member of the Buffalo City Club, the Lincoln Republican club, and the Women Voters League.

She represented the women of her city in their appeal to the United States Senate at Washington when the Suffrage Bill was first introduced and was honored with a membership to the Washington Suffrage Club. Mrs. Sloan is also deeply interested in church and charity work. Her statement regarding Tanlac will be of widespread interest. She said:

"I have only been taking Tanlac about four weeks, but I am already feeling better than I have felt in years. Why, it just seems as though I have been awarded a new lease on life, and I would be doing an injustice to other who are trying to find relief not to tell what this grand medicine has done for me.

"Some time ago I was compelled to undergo an operation for gallstones, after which I got along very well until about a year and a half ago, when I had a severe bilious attackk. These attacks became frequent and with each one I would have to remain in bed for four or five days.

"About six weeks ago I had another of these attacks and was in such awful pain I almost gave up hope. This spell left me without any energy and so weak I could hardly walk across the room.

Tanlac is sold by all leading druggists entirely. I am enjoying splendid health now and am brimful of new strength and energ. Everyone should know of Tanlac."

Tanlac si sold by all leading druggists everywhere.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Pat O'Laughlin, who left Curwensville some time ago and is now an employe of the B., R. & P. with headquarters in New York state, came home and spent Thanksgiving Day and a few days which followed with his brother, Peter O'Laughlin on Grampian Road, and other kin folks residing in this neighborhood.

Thomas Dale, an employe of the Pennsylvania railroad company as an office clerk, in Philadelphia, came home and spent the week's end with his parents, 'Squire and Mrs. John A. Dale, on River street. Thomas likes to get up in this neighborhood once in a while in order to breathe the fresh mountain air.

L. H. Bigler and family went over to Hollidaysburg Wednesday evening and spent Thanksgiving Day with Mr. and Mrs. John Ferguson.

The Union services held in the Methodist church yesterday forenoon was not attended quite as well as it should have been. The stores and other public places remained closed all day, in order to give all of those employed about and therein an opportunity to attend this service. Thanksgiving Day is a time set apart in which all, great and small, should spend the time in prayer and thanksgiving to Him who provides so amply for all human wants. There is a vast difference in the way that our Pilgrim Fathers observed this day than the maner in which we observe it at the present time. The expansion of years has changed so greatly as in the observance of Thanksgiving Day at Plymouth Rock and the way it is observed now. The Giver of all things has been very generous with His people during the past year, and it was our duty to wave aside all pleasure and gayity and devote the day to His praise and glory. Just why people generally neglect this opportunity to attend His sanctuary and devote several hours to prayer and scripture readings, is a problem which we are unable to fathom. This day of solemnity and prayer has become one of pleasure and sport, and not akin to anything as practiced by our Pilgrim Fathers. May the time soon come when the people of this great and enlightened nation will return to the ways and manner of observing Thanksgiving Day as handed down to us in the early history of Massachusetts and those who laid the foundation of Christianity as it ought to be observed by all.

Once again death has entered the portals of a Curwensville home, and taken away a husband and father, causing sorrow and grief within the family circle. On Wednesday afternoon, at about three o'clock, the death of Mark Patterson, living on Ridge avenue, was announced to neighbors and friends. His demise was hardly unexpected as he had been more than unusually ill for the past nine weeks. His illness altogether covered a period of a little more than four years, heart trouble and other complications entering largely into the cause of his death. Mark Patterson was the only son of Robert and Mary Patterson, and was born in Jordan township, near Anonville on December 17th, 1876. He lived in that neighborhood until about eighteen years ago when he came to Curwensville to make his home. On March 18th, 1897, he was united in marriage to Miss Minta Hadden in the parsonage at Ansonville. Rev Mr. Truax read the lines which bound the young couple together for life. Six children were born to this union. After locating in this town, he drove delivery wagon for the Fred J. Dyer Co., and also for the Bickford store company, but of late years has been working in the mines and brick yard. Four years ago he was stricken with the ailment which finally ended his life, suffering constantly therefrom. Mr. Patterson was in the West Penn hospital but did not receive much relief, also consulting a number of specialists as well as the home physicians. He was connected with no church but was raised in the Presbyterian faith. He is survived by a widow and the following children: John L., Wilmer F., Robert L., Carl A., and James J. and Miss Lillian M. Patterson, all of whom are at home. The funeral will be held from the Ridge avenue home on Friday afternoon at 2 o'clock, Rev. B. H. Conley to have charge of the religious rites. Interment in Oak Hill cemetery.

Alfred Long, an aged citizen, had the misfortune to fall while about to buy some groceries in the Workman's store last Tuesday, taking suddenly ill. He was conveyed to his home on South Filbert street, where he is convalescing as rapidly as circumstances will permit.

Dr. Blair went to Philadelphia last Saturday and remained in that city most of the present week. Mrs. Blair and the children have been there for several weeks, visiting with Mrs. Blair's mother and other relatives.

It is an undenyable fact that there was more wild game brought into Curwensville Thursday evening than for any single hunting day during this season. The weather was not suitable for pleasant hunting or being out in the woods, yet that did not deter many from trying their luck.

These Adjusting Markets Will Save You Money!

And to be Frank With You I'm Going to Lose, but it Was Bound to Come and I'm Going to Take My Loss at Once.

About 100 Young Mens' Suits in 3 Groups and Priced Low

$5.75 $7.75 and $15,00

Frankly some of these suits have been here too long. Some of them have not been popular colors. All of them, tho, I will say, are worth in many cases five to six times their present marking.

They're mostly small sizes but complete suits—coats, vests and pants—and the former price tags are still on them so you can see the big savings.

Most all of the merchandise in the sale, in the store in fact, can be replaced for less money. To hold on would be folly--to take a loss quickly is the better merchandising plan. That I'm going to clear out this stock, the prices will show at a glance. That you can save real money, is conclusively shown by the old price tickets still on the merchandise.

A Clean Saving of $10 to $15 on

Micheals Stern and Fashion Park Suits and Overcoats

Here's the way it works:

ANY SUIT OR OVERCOAT PRICED OVER $50
A FLAT REDUCTION OF $15.
This is better than a discount—it is a bigger reduction than discounts that have been offered you and—look at the brands of clothing!

Parents:--

Buying Sam Peck Suits and Overcoats at 25 Per Cent. Reduction Isn't an Everyday Occurrance

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

Bell That Worked Miracles.

Many tales of the supernatural are told concerning evil spirits and the efficacy of bells in warding them off; likewise regarding the power of consecrated bells for bringing blessings. In an old chapel at Killin in Perthshire, Scotland, was a bell called that of St. Fillan, which had the reputation of curing lunacy. After the sufferer had spent a night in the chapel he was in the morning placed with great solemnity under the bell, and in many cases recorded in the old chronicles the faith was rewarded.

What Is the Matter With That Child

When children grow pale and listless their blood may be weak

PEPTO-MANGAN MAKES RED BLOOD

Sold by druggists in liquid and tablet form—both the same in medicinal quality

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly.

If the condition is not a deep-seated disease but merely due to poor blood, give Pepto-Mangan. Gude's Pepto-Mangan is just the tonic for pale thin children whose blood needs rebuilding. It is a pleasant-tasting simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in brighter eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and tat is "Gude's". Ask your druggist for "Gude's" and look for the name, "Gude's" on the package. If it is not there, it is not Pepto-Mangan.

Never Surrender.

The particular things which we do, the particular efforts we make, often seem to fail; but it is the perpetual struggle, the everlasting trying, the constant pushing, that count, and that develop men and women of unconquerable spirit.—The New Success.

Possible Explanation.

"Mother," said the sweet girl. "George told me solemnly that that pretty hairpin holder he gave me cost $5; yet today I saw exactly the same kind on sale for ten cents." "You know, my dear, that George is very religious," replied mother, "Most likely he bought that at a charitable bazar."

Beliefs About Parsley.

It was said that parsley seed went nine times to the devil before coming up. If parsley were sown on any day except Good Friday, it was thought that it would not come up curly. In ancient Greece the graves were strewn with parsley. It was and is today deemed unlucky to transplant parsley. The children were told that the new baby had been found in the parsley bed.

A MAN OF RENOWN

Among the notable professional men of this country who achieved great success along strictly legitimate lines, was Dr. R. V. Pierce, founder of Invalids Hotel and Surgical Institute in Buffalo, N. Y. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line. His work, "The Common Sense Medical Adviser," is now in over two and a half million homes in this country and Europe. At one time Doctor Pierce represented his home district in Congress.

Just fifty-one years ago he gave to the world a Prescription which has never been equalled for the weaknesses of women. Many women in every hamlet, town or city will gladly testify that Doctor Pierce's Favorite Prescription did them a world of good.

Another of this great physician's successful remedies is known as Dr. Pierce's Golden Medical Discovery and, like the "Prescription," is now sold by all druggists, in both liquid and tablets. This is probably one of the most efficacious discoveries ever made in medicine, for the list of men and women all over the universe who have successfully used it for indigestion and as a blood tonic and system builder, makes an amazing list. "Pleasant Pellets" for stomach, liver and bowels, introduced by Dr Pierce fifty years ago, are recommended by thousands all over the United States and Canada.

A new edition of the "Medical Adviser," over 1,000 pages, bound in handsome cloth, can be obtained by sending 21 one cent stamps (postage stamps) to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"If I Could Only Play"

It's a remark that is spoken almost every day. "I'd give anything if I could play like that" is often heard at the concert of a well known pianist. The gift of musical expression is given to only a few.

We all, however, may have beautiful music, beautifully played, if we possess a quality Player Piano. The light classics, the popular music of the day and the great masterpieces are played equally well on the Player Piano. There is no more appropriate gift.

Ladies? Darken Your Gray Hair

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

LESSONS IN OPTOMETRY

HARRY H. ROSENTHAL, O. D.
Woolridge Building, Clearfield, Pa.
LESSON TWENTY FOUR

Are there no general rules that can be laid down for the guidance of those who are required to wear glasses?

No, each case is different from all other cases and presents characteristics peculiar to itself. Each patient has a different temperament and physical makeup, so that it is manifestly impossible to give advice wholesale.

How are the best results in Optometry obtained?

From the standpoint of the patient the best results are secured by having faith in the judgment and skill of the Optometrist, and by wearing the glasses he furnishes as he advises, and by persistently following his advice in all particulars.
